*Foreign language resources for teachers and librarians*

Welcome to the second Language Link of 2005, and thank you to all the schools and individuals who have placed orders with us so far this year. An enormous increase in the demand for language resources had us swept off our feet this year, so we apologise for any delays you may have experienced in receiving your orders. The backlog is mostly cleared now, so please don't hesitate to contact us if you need information about any backorders you may still have outstanding.

We have a wealth of new resources to bring to you in this issue and it is especially encouraging to see the large number of quality resources for Chinese currently coming onto the market. It is wonderful to see publishers getting behind the surge in interest in this important language.

We have full catalogues available for Primary LOTE and Secondary LOTE, which are available in a hardcopy format or on our website in PDF format. Our website is also fully searchable with secure online ordering facilities, and can be found at [www.languagebooks.com.au](http://www.languagebooks.com.au).

We offer a 10% discount off marked prices (except on 'net' items) to teachers, schools and institutions. Higher discounts may often be negotiated with the manager for bulk purchases (class sets). Students are eligible for a 10% discount on set texts and dictionaries, on production of a student card or course enrolment receipt.

Our friendly and knowledgeable multilingual staff are here seven days a week to help with all your enquiries about language materials. So please feel free to drop in and browse our resources, or contact us by phone, email or fax for any assistance you may need.
